

Agreement as to division of expense.

The parties are owners of adjoining tracts of land, A owning lot No. _____ in _____ district and _____ section of county, and B owning a portion of lot of land No. _____ in the district and section. The line between the adjoining tracts is in dispute and in order to settle and establish the line between the adjoining tracts, the parties agree as follows:

1. _____, as surveyor, may run and establish the line by starting at a post oak corner tree common to the corners of _____, _____, and _____, south of the disputed line, and run the line therefrom, allowing the usual magnetic variation, in a north direction to the north line of lots Nos. _____ and _____.
2. The line so run, staked out, and marked by _____ shall be accepted by the parties as the true and correct dividing line between the tracts of land owned by the parties.
3. The parties agree that any expense incident to the running of the line shall be borne equally by the parties to this agreement.
